Profile

I am a Computer Science student passionate about frontend development and eager to secure an internship where I can apply and build on my knowledge of HTML, CSS, JavaScript, and responsive web design. I am interested in creating modern, user-friendly interfaces that are both functional and visually appealing. My goal is to gain practical experience with real-world development practices, contribute effectively to a collaborative team, and deepen my skills in areas like UI/UX design, code optimization, and web performance. I am committed to continuous learning and growth as a frontend developer.

Education

Bachelor of Technology in Computer Science and Engineering Specialization in Artificial Intelligence and Machine Learning
2022 – present
LUCKNOW, India
Dr. A. P. J. Abdul Kalam Technical University, Lucknow
CGPA: 8.5/10

Intermediate (Class 12) – Science (PCM)
2022
LUCKNOW, India
Navyug Radiance Senior Secondary School, Lucknow
Percentage: 80%

High School (Class 10)
2020
LUCKNOW, India
Navyug Radiance Senior Secondary School, Lucknow
Percentage: 85%

Skills

Frontend Development (HTML5, CSS3, JavaScript):
I can build and design web pages using HTML, CSS, and JavaScript.

Responsive Web Design:
I know how to make websites that work well on mobile, tablet, and desktop screens.

Data Structures & Algorithms:
I'm practicing how to write efficient code using data structures and algorithms.

Version Control (Git/GitHub):
I can keep track of code changes and collaborate with others using Git and GitHub.

Strong Communication & Teamwork:
I work well in teams and can clearly explain ideas to others.

MS office
Comfortable with **MS PowerPoint** for designing clean and effective presentations
